

EAR BLOWS ON FLOOR OF HOUSE

Congressmen Heflin and Norton
Face Each Other Over
Hints of Disloyalty

FOLLOWS HOT DEBATE

Rules Committee Reports Against
Investigating Charges of
German Influence

Washington, D. C., Sept. 28.—Hot
debate, culminating in a physical en-
counter between representatives Heflin
of Alabama and Norton of North
Carolina, was precipitated in the house
today by a report from the rules com-
mittee that it had decided not to ac-
cuse any of the war resolutions for an
inquiry into whether members of con-
gress had been influenced by German
money.

At adjournment tonight the two
members were clamoring for an op-
portunity to address the house and
other members who wanted an inquiry
were striving to have one ordered in
place of the committee's report.

Chairman Tamm explained in sub-
mitting the rules committee report that
it would interfere with sweeping
investigations of the use of Ger-
man money, now being made by the
committee of the house.

Representative Heflin had not reflected
on integrity of any member of the
house and had spoken in the heat of
the moment. Some loud groans greeted the
report.

Storm Abates Temporarily.
In the midst of the storm, Repre-
sentative Stearns of Minnesota, re-
sisted the discussion to other busi-
ness and therefore, save for the few
words in which Heflin and Norton
their near fight, the subject was
dropped until just before ad-
journment.

He then started during a lull in
proceedings after Norton had been
seated an opportunity to reply to re-
solutions that Heflin had said he was dis-
loyal. It came almost unexpectedly
to 50 or more members present.
After failing to get the floor, Norton
went through the Republican side
to the back of the house and walked
to the Democratic side until he
reached Heflin, who was seated at a ta-
ble.

Neither man greeted the other, but
they gazed steadily at Heflin for a
moment. Norton spoke:

War News Held Up; What Event Does It Portend?

London, England, Sept. 28.—Cor-
respondents at British headquarters
in France advise all associations and
newspapers that no news of the ac-
tivities will supplement the govern-
ment reports today.

No reason for the withholding of
the dispatches of newspaper corre-
spondents on the British front in
France is known. The only ex-
planation occurred when such a con-
dition occurred in October, 1915,
when it was announced from Lon-
don that thousands of words of news
were being held up by the British
censor. Two days later it was an-
nounced that Bulgaria had entered
the war, and a few days after that
it was learned that Sir John French,
who had remained silent for some
time, had made a great drive at
Loos.

SHIP YARD STRIKERS BACK AT WORK TODAY

ARMY OFFICERS SAY STRIKE
PROLONGED THE WAR

San Francisco, Cal., Sept. 28.—All
members of unions concerned in the
strike of 30,000 metal trade workers
here were instructed tonight by the
Iron Trades council to return to work
tomorrow. H. W. Burton, president
of the council, said he had been as-
sured that all shops would be opened
tomorrow morning.

Army officers in a statement issued
here today made clear to the striking
iron workers and the public that it
was the consensus of their expert
opinion that the strike which has
halted the government ship building
program is prolonging the war.

The military situation demands that
ships be completed at the earliest
date, the unusual statement concluded.
At western department headquarters
it was made plain that the statement,
while not official, nevertheless was the
attitude of the fighting men given
publicly because of the seriousness
with which they regard the situation.

Approximately half of the ships af-
fected by the strike opened today on
the strength of the announcement yester-
day that the strike had been set-
tled. They closed immediately when
they notified the boiler workers had re-
fused to accept the agreement. Work
now has been suspended 17 days on
one-eighth of the entire ship building
program.

MITCHELL LOSES FOR MAYOR TO BENNETT

MAY RUN ANYWAY; INVESTIGATE
IRREGULARITIES

New York, Sept. 28.—William M.
Bennett won the Republican nomi-
nation for mayor in the primaries last
week by a majority of 611 votes over
Mayor John P. Mitchell, according to
an unofficial recount of the ballots
completed tonight. The final compila-
tion of the returns by the board of
elections the day after the primary
gave Mitchell a lead of 345.

The inspection of the ballots began
Tuesday afternoon after an order was
obtained by Mayor Mitchell to deter-
mine if there were any fraud.

When asked today if he would run
against Bennett if the returns gave
Bennett the nomination on the Re-
publican ticket, Mayor Mitchell said he
would run if there is a "genuinely sub-
stantial demand" for him to do so.

Mitchell May Run Anyway.
"If there appears to be a genuinely
substantial demand that I run for
mayor on the part of the people of
this city, including the Republicans
who believe in honest non-partisan
and loyal government in the city of New
York," said Mayor Mitchell, "I shall
make the fight to keep the city out of
the grip of Tammany hall."

"If frauds have been committed on
either side of this primary election, I
sincerely hope the offenders are pun-
ished."

District Attorney Swann today ad-
dressed a letter to Mr. Bennett re-
questing him to turn over to the dis-
trict attorney all evidence in his pos-
session of frauds or irregularities in
the primary election.

Investigation Started.
"I will go from one end of the is-
land to the other," Mr. Swann said.
"This must never happen again."

Subpoenas have been issued. It
was announced, for twenty witnesses
to appear tomorrow morning.

At fusion headquarters it was de-
clared that fusionists were prepared
to make Mayor Mitchell's candidacy for
the election a fight against both the
Republican and Democratic machines.
Samuel S. Koenig, chairman of the
Republican committee of New York
county, announced that he had con-
ferred with nearly all the district
leaders of the county and that most
of them would support Bennett as the
regular nominee of their party.

Enlisted Men Demolish I. W. W. Headquarters

WRECK OF I. W. W. OFFICE.
San Francisco, Cal., Sept. 28.—After having wrecked the headquarters of the I. W. W. recently, more than two hundred soldiers from the camp at Arcadia searched the downtown district for other meeting places of the organization, which they also intended to destroy because two of their members had been badly beaten by I. W. W. men. The photo shows I. W. W. headquarters after the men finished with it.

GOLDEN CORD BINDS JAPAN AND AMERICA

ISHII DECLARES WE NOW ARE
FRIENDS DESPITE GERMANY

New York, Sept. 28.—Viscount
Ishii and the other members of Japan's
mission to the United States saw
most of the sights of New York today.
They went from one end of it to the
other in automobiles and around it in
a police patrol boat. Tonight they at-
tended a reception given in their honor
by the Japan society; at noon time
they were guests of the Chamber of
Commerce at a luncheon; and at night
reviewed the National Guard, after
paying homage to General Grant.

At the reception tonight Viscount
Ishii and his associates met many
representative New Yorkers. In a
brief address the head of the mission
expressed the hope that his visit to
the United States had helped to es-
tablish a more friendly relationship
between the two countries.

Suspensions Due to Germany.
"If we have made new friends," he
said, "it is because we have succeeded in ex-
posing to the American people the main
causes of our mutual misunderstanding
in the past, and if, as a result of
this visit, the two peoples realize that
the distrust, suspicion and doubt are
the result of careful German culture
throughout the last ten years, we will
have done much for ourselves and for
you."

"The strange thing about all this
muddle of misunderstanding in the
past few years is that we have dis-
covered a common characteristic in
both peoples. We have both been too
confident and at the same time too
suspicious and sensitive. We have
harbored the German and we have
received him as a mutual friend. His
marvelous self entered and ordered
conditions."

Germany Waiting for Spoils.
"The agent of Germany in this
country and in ours has had as his
one purpose the undoing of our pas-
sions, our prejudices, and our distrust
on a specially prepared concoction
until drugged and inflamed we might
have taken the irresistible step over
the edge, and at his leisure the vulture
might fatten upon our remains. This
is not a picture overdrawn, it is true."

"We shudder to look around us now
at the menace we have so narrowly es-
caped, but in the ordering of this won-
derful world in which we live, a com-
mon need in a world holoocaust with
horrors, has brought us closer together,
drawn by the sword of human sym-
pathy, human love of justice and hu-
man love of liberty. Because of our
mutual danger in the past and be-
cause of our mutual needs in the fu-
ture, there need be no fear of the los-
ing of the golden cord that now and
forever binds Japan to America."

FIRE AT CAMP DIX, N. J.

Barracks Destroyed at National Army
Cantonment Mysteriously.

Wrightstown, N. J., Sept. 28.—Rapid
investigation of the fire which early
this morning destroyed one of the bar-
racks at Camp Dix, the National Army
cantonment here, has been ordered by
Major General Kennedy. While refus-
ing to admit he suspected incendiarism,
General Kennedy declared there were
circumstances in connection with the
fire which had not been fully explained.
Guards about the camp were doubled
tonight as a precaution.

RESULTS OF TWO BOUTS.

Boston, Mass., Sept. 28.—Fred Dy-
er, the Australian middleweight, and
Tommy Robson of Malden fought 12
rounds to a draw tonight. Robson
forced the battle, but was unable to
penetrate Dyer's defense.

New York, Sept. 28.—Billy Miske,
the St. Paul heavy weight, outboxed
Carl Morris of Oklahoma in nearly
every round of a ten-round bout here
tonight.

HOT AFTER TICKET SCALPERS

White Sox President Forms Special
Department for Purpose.

Chicago, Ill., Sept. 28.—A new
drive against scalpers of world series
tickets was launched tonight by
Charles A. Comiskey, president of the
Chicago Americans. He established
a special department at the White Sox
baseball park, had telephones instal-
led and issued an appeal requesting the
public to communicate any informa-
tion regarding persons attempting to
obtain tickets through mail orders
with the purpose of reselling them at
the fabulous prices of the ticket
speculators.

Some of the speculators, who say
they will have plenty of seats, declare
they will be able to sell them around
\$5 for the Sunday game Oct. 7, if Chi-
ago wins the first clash of the series
on Saturday.

HURRICANE SWEEPS ALONG GULF COAST

WARNING PREVENTS LOSS OF
LIFE; PENSACOLA CUT OFF

New Orleans, La., Sept. 28.—All tele-
phone and telegraph wires into Mobile,
Ala., were swept away by the tropical
hurricane late today, cutting communi-
cation with the city. At last reports
the wind there was blowing 90 miles
an hour and some property damage
had been done.

Although the wind at places attained
a velocity as high as 100 miles an
hour, the hurricane swept sections of
the gulf coast from the Mississippi
river to the west coast of Florida es-
caped serious damage today unless
there was great loss at Pensacola, the
only city which tonight was cut off
from communication.

Coast Isolated for Hours.
For hours this afternoon and tonight
practically the entire coast was iso-
lated, all telegraph and telephone wires
being down, and great anxiety was
felt, fears being entertained that the
hurricane might exact such a toll as
that of last year when many lives
were lost and several million dollars
worth of property destroyed.

With communication restored to-
night to Mobile, and other cities, there
were no reports of loss of life and the
property loss apparently was compara-
tively small. Railroad bridges along
the gulf were damaged and at Mobile
and other cities some buildings were
unroofed.

Ample Warning Saved Lives.
Ample warning of the hurricane's
approach had been given even to the
most remote sections and to this fact
is attributed the saving of many lives.
At the more exposed places, people
sought refuge in the inland while ship-
ping moved to safer moorings in rivers
and inlets.

Traffic on the Louisville and Nash-
ville railroad between Mobile and New
Orleans was interrupted by high tides
in the marshes south of Bay St. Louis
and some trains coming into the storm
area were turned back. Trains going
to Mobile from Montgomery were held
at the latter place until the extent of
the storm and track damage could be
determined. Normal schedules were
expected to be resumed tomorrow.

Mobile, Ala., Sept. 28.—Last reports
from Pensacola Florida at 1 o'clock,
before communication was cut off this
afternoon, said that a 124-mile wind
was blowing there and that property
damage was great.

Havana, Cuba, Sept. 28.—One
steamer and several sailing vessels
were sunk, many houses were razed
and great damage was done to grow-
ing crops by the West Indian hurri-
cane which struck the Isle of Pines
Wednesday evening, according to dis-
patches received here tonight.

NAMES LAFOLLETTE AS GIFT TO KAISER

ROOSEVELT ADDS LUNDEEN AND
GRONNA TO HUNS

St. Paul, Minn., Sept. 28.—On the
platform of the auditorium where Sen-
ator LaFollette last week decried
America's entry into the war on what
he termed a "violation of technical
right" Colonel Theodore Roosevelt de-
clared today he would like to send
LaFollette and his "shadow Huns" to
Germany as a free gift to the Kaiser.

Among the "shadow Huns" the colonel
included Senator Gronna of North Da-
kota and Representative Lundeen of
Minnesota.

Colonel Roosevelt declared at the
outset that the public man who did
not consider first of all the real and
evident need of the working man is
no friend of democracy.

"The most sinister enemy of democ-
racy in the United States is Senator
LaFollette," he said.

The colonel had been given a trans-
cript of Senator LaFollette's speech of
last week.

"I have not had time to read it all,"
he said, "but I have already found two
or three gems."

Senator LaFollette's assertion that
America's participation into the war
was due to American citizens being
passengers on a "ship loaded with mu-
nitions for Great Britain" was de-
clared by the colonel to be a falsehood
and "he knows it was a falsehood. He
says nothing of sinking the hospital
ship Sussex, and the technical right
of the doctors and Red Cross nurses
who sank with all on board," the for-
mer President continued. "I abhor
Germany. I abhor the Hun without re-
serves, but more I abhor the Hun with-
in our gates. I say any man who
excuses and condones such infamy and
his 'shadow Huns,' Gronna and Lun-
deen, do not represent the American
people. They are on a level with Val-
landingham, whom Lincoln sent be-
hind the Confederate lines. I wish
I could send them to Germany as a
free gift to the Kaiser. LaFollette is
out of place in the senate."

Turning again to the shipment of
munitions, a point dwelt on by Sen-
ator LaFollette, Colonel Roosevelt said
it was the senator's business to know
what were the treaty rights of Amer-
ica. He declared that it was through
Germany's insistence that the Hague
conference sanctioned the shipment of
munitions.

The colonel also paid his respects to
Congressman Baer of North Dakota:
"On June 27, Congressman Baer said
that this was 'no time to make Ameri-
canism an issue,'" said the colonel.
"That statement would be alright in
the German Reichstag but a man who
thinks and speaks that way ought not
to be admitted to congress. If this
is not the time to make Americanism
an issue, there is no time."

Rutland, Vt., Sept. 28.—A resolution
declaring that Senator LaFollette has
forfeited his right to a seat in the na-
tional senate by his recent public ut-
terances was adopted at the close of
the Vermont war conference today.

TO JOIN RESERVE BANKS.

New York, Sept. 28.—The Guaranty
Trust company of New York, the
world's largest trust company, today
made application for admission to the
federal reserve system. This announce-
ment was made tonight by Charles S.
Yaden, president, who said that in
making the application his company
was actuated by a realization of mobil-
izing the nation's financial strength.

U. S. Must Hasten Ships to Foil U-Boat Campaign

London, England, Sept. 28.—The
British controller of shipping an-
nounces that the losses of British
ships since last February have ap-
proximately equalled the total
losses in the war before that per-
iod and that it is reasonable to ex-
pect the enemy will destroy with
U-boats 200 vessels in excess of the
tonnage that can be built by next
spring. He says there is urgent
need for the United States to un-
dertake ship building on a large
scale for otherwise he said it will
be impossible for the United States
to send a large force of troops to
France next spring without seri-
ously affecting the shipment of food
and supplies to the allies.

27 DEAD, 50 HURT IN HEAD ON WRECK

TROOP TRAIN AND PASSENGER
MEET ON SINGLE TRACK

Tulsa, Oklahoma, Sept. 28.—Twen-
ty-seven persons were killed and 50
injured in a head-on collision that oc-
curred one mile southwest of Kelly-
ville late today when St. Louis and
San Francisco passenger train No. 7
ran into an empty troop train. Seven
of the dead were white persons and
the others Indians and negroes.

The collision occurred just after
the passenger train crossed Polecat
creek. Crews of both engines jump-
ed, saving their lives, but sustaining
severe injuries. The troop train was
running in two sections and the first
had passed the passenger train just
out of Kellyville. Engineer Rule of
the passenger train not knowing there
was another section behind took the
main track and crossed the river.

"We had just left the bridge," said
M. N. Catterston, fireman, "when we
saw the troop train coming around a
curve just ahead. Rule threw on his
emergency brakes and whistled for a
stop. I jumped and so did he. That's
all I remember. I rolled down an
embankment 50 or 60 feet and laid
there unconscious until picked up.
Rule jumped just as we did, but hit on
high ground and was not badly hurt."

All the dead were taken to Bris-
low and Sapulpa. Information from
there says that the victims number
seven white men, 14 negroes, three
negro women and three Indians.

BRITISH DRUM FIRE PROPHECIES ATTACK

THREE TIMES FRENCH REPULSE
GERMAN CROWN PRINCE

At last accounts Field Marshal Haig
was holding and consolidating the salient
positions won from the Germans
in Wednesday's battle east of Ypres,
the extension of which would give him
a dominating point from which to
operate against the Ostend-Lille rail-
road and also a position flanking both
the northern and southern portions of
Crown Prince Rupprecht of Bavaria's
line.

All the commanding positions taken
by the English, Scotch and Australian
troops have been firmly held by them
despite furious attacks delivered with
huge projectiles. The Berlin official
communication reports that to the east
of Ypres the British artillery again
have assumed the proportions of drum
fire which always is an indication that
Haig has still a relentless attack to
deliver against the line.

Crown Prince Wilhelm, probably im-
mured with the idea that at some time
he will be able to pierce General Pet-
tain's front in France, continues here
and there to strike violently. His latest
attempt has been in the forest of
Argonne where three times he threw
his troops against the French. As on
the Chemin-des-Dames and before
Verdun, where similar assaults recent-
ly have been, made the effort of the
Germans was fruitless and brought to
them only additional heavy casualties.

Comparative quiet prevails on all
the other battle fronts, although there
has been resumption by the Russians
of their activities.

KILLS POLICE COMMISSIONER.

Fort Worth, Texas, Sept. 28.—Police
Commissioner Parsley was shot
to death in his office at the City hall
late today. J. K. Yates, a former po-
lice inspector, was the only other per-
son in the office at the time. He har-
ried himself in the City hall im-
mediately, but was soon shot to death
by officers.

NEWSBOY WORTH \$100,000.

Chicago, Ill., Sept. 28.—William
Murphy, who conducts a newsstand
on a down-town corner, asked
to be relieved from war service be-
cause of dependent parents. When
the investigators reported it was found
that the newsboy was worth more than
\$100,000.

TAFT AGAIN HEADS UNITARIANS.

Montreal, Canada, Sept. 28.—Bal-
timore was chosen as the meeting
place for the 1919 Unitarian general
conference and William H. Taft was
re-elected president at the conference
here today.

ARREST LEADERS ON CONSPIRACY

Grand Jury Blanket Indictment
Charges I. W. W. Plot to
Hamper Nation in War

AFTER 166 LEADERS

Thirty-Five Haled to Court in
First Hour, Secretary Hay-
wood One of Them

Chicago, Ill., Sept. 28.—Return of
a blanket indictment charging a na-
tion-wide conspiracy to hamper the
government during the war was made
today in the United States district
court here against 166 leaders of the
International Workers of the World.
Arrests speedily followed the return.
Almost before the court proceedings
had reached the state of a discharge
of the jury, deputy marshals were on
their way to the local I. W. W. head-
quarters in automobiles donated and
driven by women and quickly returned
to the federal building bringing pri-
soners with them.

Arrest 35 in Hour.

In the first hour 35 men were haled
into the investigator's office. Among
the first to be taken into custody was
William B. Haywood, secretary of the
national organization of the I. W. W.,
who was questioned September 5,
when headquarters of the I. W. W. in
various cities were raided by the
government.

An explanation by federal officers
of the crime of which the men, the
names of which were not divulged,
was issued reading:

"The prosecutions are under sec-
tion 6, 1937, of the criminal code and
under the espionage act. Only leaders
in conspiracies, or those personally
culpable in connection with the per-
petration of crime against the United
States are included as defendants."

To permit the sure arrest of the in-
dicted men, no hint of their names
was permitted to escape during the
court proceedings, which occupied
only a few minutes.

None but members of the I. W. W.
were named in the indictment, the
government attorneys taking pains to
specify that no others were touched.

Aimed Only at I. W. W. Members.

District Attorney Kline was assisted
by Judge William C. Fitts, assistant
United States attorney general, who
had general supervision of the inquiry;
Frank C. Dally of Indianapolis; and
Frank K. Nebeker of Salt Lake city,
both assistants to the attorney gen-
eral.

Commenting on the fact that the in-
dictment was named at none but I.
W. W. members, Judge Fitts gave this
definition of the I. W. W.:
"The I. W. W. differs from socialists
and every form of legitimate labor or-
ganization. The I. W. W. is a degen-
erate; its doctrine is treachery built
on the teachings of the employment of
secret and covert destructive methods
intended to wreck the employer and
through destruction of production and
transportation, disable society and the
government itself. The object at this
time being to render the enemy
stronger and our dear country weaker
in the resistance of that strength."

Advocate Vicious Sabotage.

The explanatory statement said in
part:

"The astounding feature which
stands out at the conclusion of the in-
vestigation and which is well calcu-
lated to make patriotic persons shud-
der with alarm, is found in the dis-
closure of a number of men enjoying
the protection of the government who
are so far unmindful of social duties
and who openly advocate the most
vicious forms of sabotage, particularly
in industries engaged in furnishing
munitions."

"Boiled down and stated in a few
words the propaganda of these de-
fendants, consists of these assertions:
"We are going to take possession of
the industries of this country because
we want them; second, because we
need them; third, because we are in
this crisis possessed of the power to
put it over."

"In addition there is running
through all these endeavors a pro-
nounced opinion to the support of this
war, the teaching being that what-
ever can be done to make the power
of the enemy greater than our power
of resistance less effective is a service
to the organization."

Hold Haywood in \$25,000 Bail.

After he had been questioned by
Hinton G. Clabaugh of the department
of Justice, Haywood was held in de-
fault of \$25,000 bail. Others also ap-
prehended in Chicago and held in
default of \$10,000 bail were:

Richard Brazier of Chicago, Spo-
kane, and elsewhere, member of the
general executive board of the I. W. W.;
George Angelychne of Chicago,
Duluth and elsewhere, manager of the
I. W. W. publicity bureau, Chicago;
Ralph E. Chaplin, editor and man-
ager of "Solidarity," Vladimir Los-
siev, Chicago; Bert Lorton, Chicago;
Charles manager Recruiting unit; Charles
Rothfischer, editor; "A. Bergman," Charles
Chicago and Cleveland; Herbert
Plahm, Chicago and Chicago;
Manser, Seattle and Chicago.

After the first automobile load had
reached the federal building more
persons were taken into custody until
approximately 150 had been taken
sixteen were taken in a second descent
on the I. W. W. headquarters.

BASEBALL RESULTS

METHODS OF MCGRAW AND ROWLAND DIFFER

GIANTS' MANAGER TASKMASTER; ROWLAND A DIPLOMAT

New York, Sept. 28.—Although the activities of Clarence Rowland of the Chicago Americans or Manager John J. McGraw of the New York Nationals will not carry them beyond the confines of the coach's box they will be factors of extreme importance in the coming world series. Differing widely in their methods of baseball strategy and personal control of players these two diamond leaders have achieved marked distinction during their careers as player and manager.

Of the two McGraw has had the longer experience and record in connection with professional baseball and there are few men serving in this capacity today who can be said to rank with the manager of the Giants. Rowland, on the other hand, while comparatively a new comer among the leaders of major league teams, has flashed across the horizon of the national game like a meteor, his short career in the American league coming to the present climax with the capture of a pennant at the end of his second season with the club owned by Charles Comiskey.

McGraw entered upon his baseball training some 12 seasons before the White Sox leader made his debut in professional circles. The Giants' diamond director began his real play with the Orleans club of the New York State league in 1890, while it was not until 1903 that Rowland donned the catcher's armor with the Dubuque, Ia., club of the Three I league.

It has been said of McGraw that he learned his game in the old school of baseball. He has, however, never reached to study the many angles and details of the sport and is quick to see the advantages of a new play. There is little in baseball strategy that McGraw does not know and several of the best pieces of so-called "inside baseball" are the direct result of careful study on his part. It is not surprising, therefore, that McGraw should have confidence in his ability and judgment and demand explicit obedience to his instructions.

McGraw has been called a hard taskmaster by some of the players who have positions under him but he has never shirked responsibility when disaster has marked his efforts or attempts to outwit the opposing team. Few moves on the part of a player will arouse greater wrath in McGraw than the deliberate ignoring of his instructions while at the bat, on the bases or in the field. When his coaching signals are followed, however, and the play falls flat the Giants' manager accepts the blame without the slightest hesitation or effort to pass the responsibility to those under him.

Rowland's characteristics and system are sharply contrast those of McGraw. Although exceedingly active on the coaching lines he never loses his calm judgment and is extremely quick to perceive and diagnose the innumerable

situations that are constantly arising on the field. His instructions to the players appear to take the form of suggestion or advice rather than sharp command. Rowland is diplomatic to the extreme in handling the members of the club and achieves the desired results by suave manner and a personality which is rather unusual on the diamond. The White Sox leader is, nevertheless, a shrewd judge of ball players and their ability and can, when necessary, speak out sharply in defense of his demands or rights.

NATIONAL LEAGUE

STEELE WILD; ROBINS WIN.

Pirates Hit Smith of Brooklyn Harder, But Pittsburgh Loses 3 to 1. Pittsburgh, Pa., Sept. 28.—Smith was hit harder than Steele, but the latter's wildness proved his undoing, and Brooklyn won the second game of the series with Pittsburgh today, 3 to 1. Steele held the visitors hitless until the fifth inning, when they made two of their four hits and added by two bases on balls scored two runs. The third run in the ninth inning was the result of two hits and an out.

London in a Fog. London is more or less noted for the dense fogs that obscure it at times, and a recent specimen that was in its prime a couple of hours before midnight, was a particularly fine one.

In a space that a good aerodrome could have inclosed I found a chauffeur looking with a lantern for landmarks, so that he could discover in which direction his car was heading. I saw a telegraph messenger fall off his bicycle in the middle of a quiet road, apparently from sheer perplexity, and I found three motor buses that came to rest with their bonnets close together in such a way as to suggest that each had been charging the other two and had only stopped just in time.

In the small hours of the morning I found another bus standing helplessly by the roadside, with the driver slumbering within, but the driver of a motor bus is a remarkable man in many ways.—London Spectator.

Glazed Turnips.

Select small, tender turnips of uniform size, removing the skins, but not peeling too closely, because they must not break when boiled. Place butter in a frying pan large enough to hold all the turnips and when melted add the turnips. Then sprinkle with sugar and season with salt. Set on the back of the stove, where they can simmer gently for an hour. When nearly done and tender all through add a tablespoonful of flour mixed with water and blended well. Then set in the oven with paper on top and let stand for about half an hour and serve with beef.

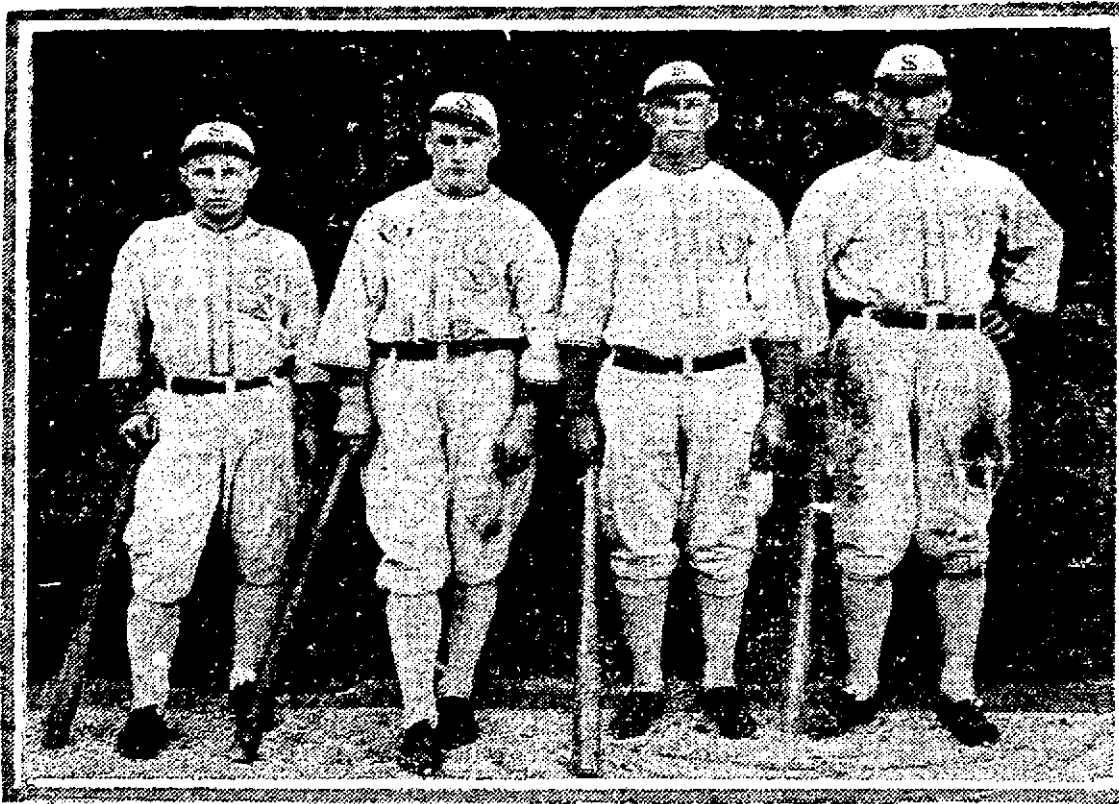

Taotul.

"Do you think that the lady who is moving in above you is nice?"

"Oh, dear, yes. Why, she noticed that baby had two teeth before she had been in the house two hours."

The minutes saved by hurry are as useless as the pennies saved by parsimony.—C. R. Newcomb.

FINANCIAL AND COMMERCIAL.

New York Markets.

New York, Sept. 28.—To what extent the government's proposed unlimited bond issue acted as an influence over today's stock market gave rise to much debate. The forthcoming offer of the treasury department was the engrossing topic among bankers, while securities experienced further professional pressure and drastic liquidation.

As an offset the existing Liberty 3½'s loomed up formidably, attaining to the new maximum of 100.24 on sales which comprised the greater part of the day's business in bonds. Ralls were the weakest shares, high grade issues showing extreme losses of three to four points. St. Paul made a new minimum at 57½, the preferred also falling to its lowest quotation in over a score of years at 99½.

Relatively, industrials lost less ground than the more seasoned issues. United States Steel varied between 108½ and 110½, its final price of 109 showing a net loss of 1¼ points.

Other steels, including equipments, also metals, shippings and utilities, were one to three points lower with feeble rallies at the close.

Money yielded none of its stringency, call loans holding at 6 per cent until all demands had been met. United States bonds (old issues) were unchanged on call.

ROCHESTER LITERARY SOCIETIES

To Hold Opening Meetings of the Year Monday Evening.

Wednesday, Sept. 28.—The women's literary societies will open their meetings for the fall and winter seasons next Monday evening. The John Lord literary society will hold a welcome meeting for new members at Mrs. C. M. Clark's. The subject of the study group will be Mexico. The Fortnightly club will be entertained at the home of Miss Alice Wilcox. Attractions at the opening meeting will be a paper, "The World War," and a debate, "Was the United States justified in entering the World War?"

Surprise for Mrs. Simmons.

On Tuesday evening several of the young people of the village gave a surprise party in Bell's hall to Miss Dorothy Simmons, who is soon to leave for Albany, where she will enter a business school. Dancing was a feature of the evening. Refreshments were served and a general good time was had by all.

Church Burglarized.

One evening this week the pastor's garden and the Baptist church kitchen were invaded and desecrated. The offenders pilfered what eatables they could and cooked their banquet on the kitchen stove. It is suspected that the same parties augmented their vegetable diet by supplies from some of the town refrigerators.

Bully Day Next Sunday.

The Presbyterian and Baptist Sunday schools will observe next Sunday as Bully day. There will be special services at the morning and Bible school hours of service. Dr. Joseph Hall, president of the New York State Sunday School association, will speak at the Presbyterian church in the evening and at the union evening service in the Methodist Episcopal church. It is hoped that all members will be present in their respective schools.

BUICK ROADSTER DAMAGED.

Ernest Gledhill of Schenectady Collides with Kingston Car Thursday. Schenectady, Sept. 28.—The Buick roadster of Ernest Gledhill was badly damaged in a head-on collision with a large touring car owned by Kingston residents last night at about 7:30, at the Bulson bridge, about one mile below this village. Gledhill was coming toward the village at a moderate rate of speed and, although he noticed the other car approaching, kept on his way as there seemed to be plenty of time to cross the bridge. There is a ridge in the road just at the east end of the bridge and as the touring car came on the bridge it struck this ridge and swerved, striking the Gledhill car. None of the occupants of either car were injured. The Kingston car continued on its way after a few minor adjustments and the Buick was brought to the garage for repairs.

Woman's Club to Meet.

The first meeting of the season of the Woman's club will be held at the home of Miss Ella M. Brown, Monday evening, when Miss Brown and Miss Nell Noonan will entertain. No literary program will be carried out, as the evening is to be devoted to a general social time. The members are requested to come in costume, each representing the title of some book. A prize will be awarded the member correctly guessing the greatest number.

Perry of Westford will occupy the Magee house, to be vacated by Mr. Condon.—M. J. Esnay has leased the Lovell house on Race street, and will take possession immediately.—The next regular meeting of the Home Economics club will be held Thursday, October 4, at 2 p. m. with Mrs. Floyd G. Munzer, born Thursday, to Mr. and Mrs. John Allen, a daughter.—Robert E. Gardner of Oneonta will be in town Wednesday, October 3, to resume work with his violin pupils. All interested will find Mr. Gardner at the High school or at J. M. Bulson's.

Dairymen's Meeting at Schenectady.

Schenectady, Sept. 28.—A Dairymen's meeting will be held in Chase & Bennett's hall Saturday evening, Sept. 29. Granville Rathbun of Oneonta will be present and speak on co-operation.

List of Injured.

Several Sidney people have received minor injuries during the past few days in addition to those sustained by Mrs. D. L. Rose and Charles Parker, who received fractured limbs in auto accidents. William Brown, while working on a sill at the Cable farm, fell about 20 feet and received a broken ankle. Albert W. Smith, while picking pears, fell from the tree and received a severe scalp wound and had bruises. Mr. Smith is a veteran of the Civil war. Attorney H. B. Sewell is recovering from a dislocated ankle received by a fall on the walk. He has been compelled to use crutches several days. Everett Dean, who is an employee of the A. & P. store, cut a bad gash in his right knee while opening a box at the store. A ligament was severed and the bone cut. All of the above mentioned are making good recoveries.

Mrs. Brown Recovering.

DAIRYMEN DETERMINED.

Those at Sidney Center to Hold Another Meeting Saturday Evening.

Sidney Center, Sept. 28.—A meeting of the Dairymen's league was held last evening in Odd Fellows' hall, which was well attended, about 50 farmers being present, all of whom signed their willingness to withhold their milk on October 1 if necessary. There seems to be a determined effort on the part of the milk dealers to ignore the league and to refuse to negotiate with the league officers, although posting the league prices. The league is just as determined that all contracts shall be made with the organization. Another meeting has been called for Saturday evening, when final action will be taken.

Opens Watch Repair Shop.

Alex Rolig has opened a watch, clock and jewelry repair shop in the Commercial house block and has moved into rooms on the second floor. Mrs. Rolig will put in a stock of cheap work materials, etc.

Heavy Boiler Moved.

The large 11-ton boiler consigned to the Borden company at Rock Royal was moved from here to that village last week with teams. Six teams were required to draw it and they were four days moving it a distance of 12 miles.

G. R. Young Sells Farm.

G. R. Young has sold his farm at Youngs to his son, Albert, and has purchased of his father, A. Young, the latter's 50-acre farm near this village. He will take immediate possession, although he does not expect to move until spring.

Manufacturing New Toy.

The Boney-Cart company has leased the building on Depot street formerly used as a wagon shop by Montgomery Reef, and are busily engaged in filing orders for the ingenious toy

for which Mr. Dewey has applied for a patent.

The carts are manufactured in Wilkes-Barre, Pa., and are then shipped here to be finished and painted.

Mr. Burnside to Speak.

C. W. Burnside of Sidney will occupy the pulpit in the Methodist Episcopal church next Sunday morning and will present the Preachers' Aid Endowment Fund from the Laymen's Standpoint.

Home Missionary Officers.

The Woman's Home Missionary society, at their annual meeting last Friday afternoon, elected the following officers:

President—Mrs. James Whinn.

Vice President—Mrs. M. W. Benedict.

Recording Secretary—Mrs. O. Mer-

The Baptist Sunday school will hold a picnic in the church parlors next Saturday.

THE MILK QUESTION.

Arousing Much Interest Among Delaware Farmers.

Sidney, Sept. 28.—As the day draws near, it looks as though the war between the producers and dealers in milk would again open, and October 1 may see a repetition of the milk strike of last October if the dealers do not come down with the price asked by the farmers. At a meeting of the local Dairymen's league held here this week the price of \$3.07 per hundred pounds was designated for three per cent milk for October and \$3.31 per hundred for November milk with four cents added for each point above three per cent. The league members voted to contract their milk on the latter fat test basis. At this meeting the

Schenectady, Sept. 28.—A Dairymen's meeting will be held in Chase & Bennett's hall Saturday evening, Sept. 29. Granville Rathbun of Oneonta will be present and speak on co-operation.

List of Injured.

Several Sidney people have received minor injuries during the past few days in addition to those sustained by Mrs. D. L. Rose and Charles Parker, who received fractured limbs in auto accidents. William Brown, while working on a sill at the Cable farm, fell about 20 feet and received a broken ankle. Albert W. Smith, while picking pears, fell from the tree and received a severe scalp wound and had bruises. Mr. Smith is a veteran of the Civil war. Attorney H. B. Sewell is recovering from a dislocated ankle received by a fall on the walk. He has been compelled to use crutches several days. Everett Dean, who is an employee of the A. & P. store, cut a bad gash in his right knee while opening a box at the store. A ligament was severed and the bone cut. All of the above mentioned are making good recoveries.

Mrs. Brown Recovering.

Mrs. J. V. Brown, who was taken to the Tuxton hospital in Tuxton for a surgical operation, has made a good recovery and has been removed to the

CASCARETS FOR BOWELS, STOMACH, HEADACHE, COLDS

Clean your liver and constipated bowels to-night and feel fine.

Get a 10-cent box now.

Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passage-way every few days with saline, cathartic pills or castor oil? This is important. Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascaret to-night will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.

EDITORIAL POLICY OF INTEREST.

The Expense of Delivery.

There is no doubt that in Oneonta as elsewhere in the village and cities of the state one of the most expensive problems which the retail merchant has to face is that of making deliveries. At present the grocers, bakers and butchers all have their own rigs, either horse driven or motor, and some of them both. Drivers also must be provided and the upkeep of the rig looked after, so that at the year's end there will be a very considerable sum to be taken from the receipts in payment for delivery service.

The merchants of the city have long had this perplexing problem under consideration, but have not as yet arrived at a satisfactory solution. Save in one or two instances, up to this time there has been no uniform disposition of it made. One plan is a co-operative delivery system, with only one delivery daily. Another is a uniform charge made to those for whom delivery is made, and a third is to cut out the delivery entirely and let each individual either carry his own bundles or hire some one to do it for him.

There is no doubt that the present system is expensive alike to dealer and consumer, nor any that it is being eliminated, the cost of living, which every one nowadays has to consider, would be materially reduced. It is only a false pride which prevents anybody from carrying his bundle; and if he will not carry, he should not expect anybody who does to help pay for his carrying.

A Public Market.

The above is a contribution toward eliminating the high price of living. Another one which has been suggested is the establishment of a public market. Many cities have such markets. One of the latest to adopt the plan is Binghamton, another is Utica, and it is said in both to have worked admirably. Why, it is asked, should not there be a square or plaza in Oneonta where farmers and marketmen might regularly assemble, and where their products might be offered for sale?

The public market joins hands with individual delivery in the universal campaign of thrift. Just how it would work out in a town no larger than Oneonta can only be told by trying, but it is an experiment which many believe to be worth trying.

The Thrift Campaign.

The attention of everybody in Oneonta is called to the Thrift campaign which next week is to be instituted. There will be meetings every day in leading manufacturing establishments of Oneonta, and in the schools and churches. Speakers of prominence will address the gatherings and the effort will be made to enforce on everybody the necessity of thrift. Various phases of the one idea will be presented, and whoever listens to the addresses cannot fail to carry away a better conception of what he or she personally can do toward saving for one's self and for humanity.

It is urged that all give this thrift campaign their personal attention, attending the meetings and letting the facts presented sink deep into the personal consciousness.

Liberty Loan Bonds.

Lately there was presented by some one who ought to have known better the statement that there was no use of subscribing for the Liberty loan, that it was a risky thing and that in case the allies do not win out the bonds will have no value. So he urged investment in industrial stocks and bonds.

Leaving out of the question the lack of patriotism shown, it is up to the careful man to remember that these bonds are absolutely a first claim on the entire property of the United States. They must be paid before any personal debts whatever are settled. They stand before all mortgages and industrial stocks and bonds, all real estate securities, all forms of property, and it is up to the person who hesitates as to what he will buy to recall that if the bonds are not good, there is nothing else in the country worth anything.

RESPONSE NATION WIDE.

Cardinal Gibbons and Colonel Theodore Roosevelt Endorse Tobacco Fund.

Some days in the past, when the tobacco fund was first started, it was one of the country's commendable work in supplying tobacco to our army in the trenches.

Cardinal Gibbons' secretary, writing "The Emancipation of the American People," said of the movement to supply tobacco to the American people in France which you have organized and which you are now carrying on: "It is a noble and patriotic work which will result in the most efficient operation of the American people."

Theodore Roosevelt gives the following endorsement: "I wish you all possible success in your admirable effort to get our boys in France tobacco." In addition to these eminent persons, men and women of all walks of life have responded nobly to the appeal. The Star will forward any contribution you choose to make.

BUTTS REJECTED CHAIRMAN

DEMOCRATIC COUNTY COMMITTEE REORGANIZES AT MEETING YESTERDAY.

Postmaster Beams Made Secretary and Dr. F. L. Winsor Treasurer for the Coming Year—Committee on By-Laws and Resolutions Named.

At a well-attended meeting of the Democratic County committee, held at the Oneonta yesterday afternoon, the committee organized for the fall campaign and re-elected Hon. L. P. Butts as chairman for the year. Mr. Butts tendered his resignation of the office, asserting that he had served the party for six years to the best of his ability and that it was his personal wish that another be chosen, assuring all that he would give his successor hearty support and the benefit of his experience. Without dissent the committee declined to accept the resignation and at the earnest request of not only the committee members present but of the candidates on the county ticket Mr. Butts reluctantly accepted re-election. This flattering unanimous call reflects much credit upon Mr. Butts and indicates the satisfaction with which he has discharged the duties of the office. The committee elected Postmaster Beams secretary and Dr. F. L. Winsor of Laurens treasurer.

Upon motion, James J. Byard Jr. of Cooperstown, Hon. Chester A. Miller of Oneonta and Dr. F. L. Winsor of Laurens were named as a committee on by-laws and resolutions, it being the sense of the committee that some changes be made in the management of the committee's affairs.

Plans for the fall campaign and other matters were discussed and the best of feeling prevailed among the workers.

The following members of the committee were in attendance: Cherry Valley—Almond Crainer, John K. Oakes.

Hartwick—George T. Luce, E. H. Salisbury.

Laurens—Dr. F. L. Winsor.

Milford—Kent Barney, W. R. McLaury.

Oneonta city—Hon. Chester A. Miller, Shirley L. Huntington, Charles F. Farmer, Charles J. Beams, John J. Burke, George W. Ellis.

Otsego—Jerome Ceperley, Reed J. Ferris.

Otsego—George T. Burnell, James J. Byard Jr.

Springfield—George B. Rathbun.

Westford—Leo McRorie.

Worcester—Charles Goodell, James W. Stafford.

The candidates present were John K. Oakes of Cherry Valley, for county treasurer, William C. McRorie of Milford, for district attorney, and Charles F. Farmer of Oneonta, for county clerk, all of whom addressed the gathering briefly.

READY FOR CANTONMENT.

Oneonta Will Have Fifty Chevaliers in Big Parade at Binghamton.

Headed by the Endicott band of 30 pieces, Canton David Wilber of this city, with 30 uniformed men in line, will take a prominent part in the big parade of Odd Fellows which is to take place at the state cantonment at Binghamton next week.

The cantonment will open Monday night, October 1, with a reception for General Ritter of California to be given by the department commander and staff and other state officers in Calumet temple.

Tuesday morning at 9 o'clock all visiting chevaliers will meet at their headquarters at the Arlington hotel and proceed to Calumet temple for the business session. In the evening at 8 o'clock the grand decoration of chivalry will be conferred by General Ritter and the decoration of chivalry by General Gurney, following which the grand military ball will be held.

On Wednesday afternoon at 2 o'clock will be held the big parade with all cantons of the state in line. Canton David Wilber will have a prominent place in the first division.

All chevaliers of Canton David Wilber are requested to register at Calumet temple immediately upon their arrival in Binghamton.

3,000 DELEGATES EXPECTED.

To Attend State Sunday School Convention at Syracuse October 16-18.

The interests of 6,000 Sunday schools in the Empire state are just now centering in the sixty-second State Sunday School convention scheduled for Syracuse on Tuesday, Wednesday and Thursday, October 16-18.

The elaborate and comprehensive program will require the use of seven churches, with the main sessions held in the 500-room structure of the First Baptist church.

The program is distinctly educational and inspirational in character. It provides 14 major sessions and 22 sections of 168 periods in a School of Methods, with one hundred speakers, instructors and a host of leaders will appear on the complex program.

These include famous specialists, among whom are W. C. Pearce of Illinois, Margaret Stricker and Prof. W. A. Adams of Massachusetts, Mrs. P. E. Livingston of Maine, Dr. M. C. Lutz of New York, W. L. Gifford, Mrs. Mary D. M. Lawson, Lester H. Cline, Rev. George H. Thompson, Miss Elizabeth Colman, Chas. A. C. Alexander of Richmond, President George H. Stewart of New York, Mrs. Phoebe A. Cushman of Ohio, and others of equal educational strength.

The Cross Workers Busy.

Notwithstanding the fact that nearly every woman in the city, who is enrolled as a member of the Red Cross, is busy with knitting, many of these devoted women met at the headquarters of the organization Friday afternoon and gave careful study to the new sacred dressings as called for in the latest surgical dressing was named. Several of the ladies worked through the entire afternoon and many returned in the evening to do their bit for alleviation of pain.

GIRLS STUDYING TELEGRAPHY.

D. & H. Company Establishes School at Whitehall for Instruction.

Another step has been taken by the girls of Whitehall and vicinity toward helping the nation at this critical time. There are about 25 young girls studying telegraphy and being instructed to do the work in the railroad stations that has previously been done by men.

Since Uncle Sam has called so many of the young men for the signal corps the railroad companies are badly in need of operators all over the United States.

This is work that cannot be neglected especially at a time when so many troops and provisions are being transported from shore to shore.

The school at Whitehall is being run by the Delaware and Hudson company and inasmuch as tuition and transportation are free, it is a fine opening for a young man or woman of ambitious nature. The course is about six months and boys or girls of at least 17½ years old are allowed to enter. The school is open days and evenings, five days a week and the best of attention is shown every pupil by the instructor.

The wages paid the operators by the Delaware and Hudson have just been increased 10 per cent. No operator who works a full month receives less than \$70.

Inquiries should be addressed to A. D. Warner, Manager Telegraph School, Whitehall, N. Y.

Henderson Family Reunion.

The annual reunion of the Henderson family was held Friday at the home of Robert Henderson near Cooperstown. There were about 30 members of the family present and after a very beautiful dinner a business meeting was held and Miss Ethel Henderson of East Meredith was elected president and Miss Laura Henderson of Harpersfield, secretary and treasurer.

Mrs. E. C. Hamilton of Oneonta and Mrs. Dora Houghton of Cooperstown were named as refreshment committee. The meeting next year will be held June 23 at the home of Mrs. Hamilton in Oneonta.

Among those present were members of the family from Harpersfield, East Meredith, North Kortright and Oneonta. The occasion was one of great enjoyment to all.

Want Dental Students Exempted.

An organized effort is being made to persuade the secretary of war at Washington to secure the exemption of all dental students temporarily and to permit them to join the enlisted reserve corps and then to remain and finish their course, after which they will be ready to enter the army dental service if needed. It is argued that they occupy the same position as the medical students and that a shortage in dental service for both civilian and military needs will result unless this plan is followed. All interested are requested to write the secretary of war, expressing their views upon the subject.

News from Red Cross Branches.

In the report of September 15 from the Oneonta branches of the Red Cross there were several items of special interest. At a community picnic held Labor Day in Schenectady the sale of tickets netted \$69.75. The proceeds from a benefit dance held in Maryland were \$44. One hundred dollars were kept for purchasing supplies for the Red Cross work in these towns and the remainder was donated to the Tobacco fund. In Milford the money gifts amounted to \$44.45.

Oneonta will have to redouble her efforts if she wishes to compete with her out of town branches.

A NEW ONEONTA ENTERPRISE

ROMAN BROS. ANNEX LEASED FOR SILK GLOVE FACTORY.

Quality Silk Mills Company expects to employ 250 hands—Two floors 80 by 18 feet to be occupied by Workrooms—Otto Walther Manager.

To the numerous industries already located in Oneonta there is within a short time to be added another for which floor space was leased and arrangements were made for opening this week. The new enterprise, which it is hoped will add much to the prosperity of the city, is the silk glove factory of the Quality Silk Mills company, and it will be located in the building on Windsor avenue known as the Roman Brothers annex. The building is 80 by 18 feet, two stories high and is affording altogether fully 3,000 feet of floor space. The lease was signed yesterday and the new company expects to have at least 75 machines in operation when the factory opens, which will be on October 15. Twelve experienced men as operators and machinists will come to Oneonta when the mill opens. The other operators it is expected, will be furnished in the city and vicinity.

The Quality company is not a new enterprise, having already one factory in operation at Granville, this state, and another in New Jersey. The Oneonta plant, however, will be larger than either of the others and it is hoped to make this city the company headquarters. The company will make silk, chamoisette and duplex gloves. When the full factory is in operation the company hopes to have at least 250 persons employed, male and female.

The factory will be under the personal supervision of Otto Walther, who has had life-long experience as superintendent manager in leading silk mills of the country. Mr. Walther expects to make Oneonta his home and is already looking for a residence for his family.

In answer to wages paid. Mr. Walther states that operators without experience will be paid \$6 per week, and this will be paid during their probation period. As soon, however, as they are able to make more than this sum, they will be transferred to piece work. Experienced operators on this work will be able to make from \$12 to \$16 per week.

MILK PRODUCERS AROUSED.

Indications That Strike May Result if Dealers Refuse to Recognize League.

As will be seen by numerous notices of meetings of the Dairywomen's league in this section, to be held this evening, there is a possibility of failure of the dealers to accept the prices named by the league, to become effective October 1, and if there should follow, even though the prices be posted, an unwillingness to negotiate with the league officials, it is quite probable that there will be another strike like that of last year. The producers are organized, as never before, and the league is apparently in full control of the product in the state.

The Oneonta Milk company has evidently accepted the league prices, as an announcement of an advance in price to consumers is made in this issue to become effective Oct. 1. It is believed that the league will be officially recognized that that there will be no delay in the delivery of milk to the local company.

Elsewhere there has existed an inclination to ignore the officials of the league and to adopt the prices named with individual contracts favored. Whether the matter will be adjusted before Monday morning, when the prices become operative, or not is something that developments alone will tell.

Autumn Time Table.

Announcement is made from the Albany offices of the Delaware and Hudson of a new autumn time table effective October 1. According to this announcement changes on the Schenectady division of the road will be slight. The most important change in the system is the use of the Windsor terminal, the luxurious Canadian Pacific terminal in Montreal, which, it is expected, to materially improve the New York-Montreal service over the Delaware and Hudson. Train No. 7 from Albany to Montreal will be discontinued and train No. 1 leaving Albany for the north at 7:30 a. m. will hereafter run week days only.

Culvert Nearly Completed.

The new concrete culvert for retaining treacherous Silver creek near the post office is nearly completed and workmen of the Sherman Construction company are now engaged in covering the approach.

The Best Mouse Trap.

It was Jay Gould who said that if some one would serve the public by inventing a better mouse trap than any heretofore existing, that all the world would beat a path to his door. This applies to an Oneonta institution, with a safe system, where any man, woman or child can place one dollar a more monthly and receive 6 per cent interest. There are now 1,600

men, women and children beating a path to its door and by placing small monthly amounts are accumulating two million dollars. When all of the people of Oneonta and vicinity learn that this path leads to the Oneonta Building and Loan association, and realize that 19 out of every 20 fail to provide either for their old age or families, this path will become still more crowded. NIGHT SCHOOL OPENS OCT. 10

Eleven Subjects to Be Taught; Two Evenings a Week; Two Hours a Night; Registration Oct. 5, 8, and 9.

Evening school for men and women of Oneonta anxious to better equip themselves for the duties of life, but unable to attend the day sessions, will open at the Oneonta High school Wednesday, October 10, at 7:20 p. m., under special authorization of the board of education, and continue until March 27 next, with a holiday recess from December 17 to January 9. Sessions will be held in the Academy street building Monday and Wednesday evenings from 7:20 to 9:20 o'clock.

Eleven courses by competent teachers will be given at the school as follows: Elementary arithmetic, Principal Bridgman; advanced arithmetic, Principal Bridgman; bookkeeping, penmanship, Miss Cook; shorthand, Miss LaPoint; typewriting, Miss LaPoint; cooking, Miss Crane; sewing, Miss Miller; millinery, Miss Sniffen; mechanical drawing, Mr. Engler; English and citizenship, Miss Bartlett. Two hours each night will be devoted to English, cooking, sewing and mechanical drawing. Millinery for the present will meet Monday evenings, for a two-hour period; later, if necessary, it will meet both nights. All other subjects will be taught on each night but for only an hour. The privilege to discontinue any subject is reserved by the faculty if the enrollment falls below 10.

Registration for the various departments will be on Friday, Monday and Tuesday, October 5, 8 and 9, in the principal's office in the high school building from 7:30 to 9 p. m. Principal A. O. Bridgman, director of the evening school, will be in his office each night to register the pupils. No pupil registered in the day school will be admitted to the night sessions.

An enrollment fee of \$1 will be charged each student at the time of registration to be returned at the close of the term if the pupil has been in perfect attendance. For each absence 10 cents will be deducted. The fee, it is explained, is not tuition, but simply a guarantee of good faith.

The Oneonta Evening school is organized by the board of education and, according to an announcement, it is their purpose to offer instruction in those subjects which essentially concern men and women engaged in the various duties of life that they may be better workmen, better employees, better parents, better neighbors, and better citizens.

Mayor's Proclamation.

Whereas, The world's conflict, in which our country is now involved, is draining the resources of the nations,

Whereas, The President of the United States has declared it the patriotic duty of every loyal citizen to co-operate in conserving the resources of the nation and increasing the production thereof, waste being a crime and thrift a national necessity,

Therefore, I hereby declare the week of October 24-30, 1917 as "Thrift Week" in Oneonta, and most earnestly urge all citizens to co-operate in this nation-wide movement, inaugurated by the Y. M. C. A., the purpose being to teach the principles of wise spending, wise saving and wise investment, to encourage conservation of food and other things of value, to organize employees' savings clubs, school savings banks, opening of new bank accounts, and other ways of legitimate saving. Let us bear in mind that habits of waste and extravagance undermine character and cause failure; that the practice of economy and wise investment gives one a place in the ranks of those who serve the nation and make a success of life.

Andrew E. Ceperley, Mayor.

In a New Light.

The eternal triangle, the man, the wife and the other man; or the wife, the husband and the other woman, this is the basis for all stories and naturally is as old as time. To treat this age-old basic principle in a new or clever manner "is a consummation devoutly to be wished," and in "The Other Man's Wife" the Lambert Producing company's play a new treatment of this old theme is to be found. The play is from the pen of Victor E. Lambert, and abounds in a succession of clever situations. The comedy scenes are numerous, and the press has been most flattering in what they have had to say about the play.

"The Other Man's Wife" will be seen at the Oneonta theatre Monday night and a ladies' matinee.

C. I. in Patriotic Service
At a recent meeting of the Oneonta county Christian Endeavor officers, board members and extensive plans were made for the coming months.

The standards for 1917-18, advocated by the United Society of Christian Endeavor, were adopted. These standards cover a large field of Christian activity and the carrying of them out by the 1,200 Endeavorers of the county will mean increased efficiency not only in the societies but in the churches and communities as well.

Among the important goals set before the young people is the gaining of 100 signatures to a pledge which commits them to the Christian Endeavor army of Universal Patriotic Service. Any person may sign this pledge.

American University Club Meets.

On Tuesday afternoon the American University club held their first meeting of the season. The program opened with a club tea at the home of Mrs. George W. Conley after which the members and guests, 75 in all, were conveyed to the home of Mrs. R. W. Siver for the balance of the program. It was also observed as reciprocity day and there were delegates present from several vicinity clubs. Music was furnished by the club chorus and a mixed quartet. Mrs. Siver's home was elaborately decorated for the occasion. Among the guests present were Mrs. A. L. Kellogg of Oneonta, a member of the state board of women's clubs, and Mrs. Thomas Kattell of Binghamton, chairman of the sixth district, both of whom gave interesting addresses. Delegates were present from Bainbridge, South New Berlin, New Berlin, Unadilla and Edmeston. The reception was held at the Cooley home at 6 o'clock and tea was served at 6:30 and this was followed by the reports of the delegates. In addition to the addresses by Mrs. Kellogg and Mrs. Kattell, an address was given by Mrs. William Miller, president of the club, and selected readings by Miss Knoeller. It was a successful opening session.

APPEALS TO DAIRYMEN.

Urged to Stand by Officers of League to the Last.

It is reported that the milk dealers will now make a determined effort to destroy the Dairymen's league. It is thought that they will attempt to do this by posting the league prices, but refusing to negotiate with the league officers.

All members of the league should be on guard against this. Once permitted this and the farmers will be back where they were before the league was organized and the dealers will hereafter name their own prices.

All members of the league should follow the instructions of their officers as to their action on and after October 1. The league members should pay no attention to notices posted or to what the dealers inform them, but await instructions from the officers, who will notify them just as soon as contracts are made.

Loyal Member.

The tax roll and warrant for the collection of the school tax for the city of Oneonta, N. Y., has been placed in my hands and I will be at my office at the Admistrative building each day from 9 o'clock in the forenoon until 5 o'clock in the afternoon excepting between 12 o'clock noon and 1 o'clock in the afternoon and Sunday, holidays and half-holidays, for the next 30 days from the date hereof, for the purpose of receiving and collecting the taxes assessed upon such roll. Such collections and the fees charged will be in conformity with the city charter, of which the following is an extract:

"On all taxes or assessments paid within 30 days after the first publication of said notice, the chamberlain shall collect one percentum additional, on all taxes or assessments remaining unpaid after the expiration of such 30 days the chamberlain shall collect five percentum additional, and all remaining unpaid after the expiration of 60 days from such first publication shall bear, and there shall be collected thereon, in addition to said five percentum, interest at the rate of one per centum per month from the expiration of said 60 days, which percentage and interest shall belong to the city."

Dated, Oneonta, N. Y., Sept. 21, 1917.

FAREWELL TO SOLDIERS.

Two Thousand Sidney Citizens Turn Out in Monster Demonstration.

Sidney, Sept. 28. — This evening Sidney gave a demonstration in honor of seven of its sons who leave in the morning for Camp Dix to train for the service of the nation, together with 32 other sons of Delaware from the first Delhi district and 26 from Walton and vicinity. Two thousand persons were out and the farewell was a fitting one. From 7:30 until 7:45 o'clock all the factory whistles were blown and at the latter hour the parade formed as follows: Dr. C. G. Bassett, marshal; Bainbridge Cornet band; squad of Company C, 115th regiment, now stationed here, dressed in green uniforms; autos with G. A. R. veterans; 50 members of the local Red Cross; village board of trustees; Home Defense League; Boy Scout band of Sidney; Boy Scouts of Sidney. Sidney Fire department; Chamber of Commerce. The line paraded over the principal streets with much red fire burning.

The parade halted at the corner of Main and River streets, where the exercises were held. The Bainbridge band rendered a selection, after which Village President B. E. Pudney made a speech expressing the appreciation of their fellow citizens and praising their loyalty, after which the seven men selected to leave in the morning were presented with wrist watches by the people of Sidney. The band played The Star Spangled Banner, after which the gathering united in singing America.

The men thus honored are: Charles C. Preston, Frank Day, George Greene, Arthur Cox, John Poulos, Arthur Cunningham and Albert Caswell. They leave on the 7:17 train in the morning for Walton where they join the others of the second district, making in all 33 from this district and 32 from Delhi, completing the contingent from Delaware county. All will depart at 12:15 o'clock aboard a special train, which starts from Oswego, for Camp Dix at Whitestown, N. J., where they will be in training for a time. They are expected to reach the camp Saturday evening.

Following the demonstration collectors passed through the crowd with an open flag upon which the chevrons were invited to toss donations for the Tobacco fund for the soldiers. A good collection resulted.

NEW GUARDIAN NAMED.

Chemung Canal Trust Company to Handle Property of Roman Estate.

Before Surrogate Huntington in the city yesterday an agreement was reached by all parties concerned in the matter of the M. G. Roman estate and an order was entered as of yesterday, appointing the Chemung Canal Trust company of Elmira as the guardian of the property of the infants, Thomas E. and Mary D. Roman, children of the late M. G. Roman.

Attorney Edson A. Hayward of this city appeared for the retiring guardian, Dr. Arthur W. Cutler, who at his own request, former Senator John F. Murtagh of Elmira and Jules T. Corbin of Athens, Pa., appeared for Mary G. Roman, the guardian of the infants. The attorneys named were all in attendance at the hearing.

"Nothing But the Truth" Pleases.

What proved to be one of the best shows ever witnessed in the city was "Nothing But the Truth," which was presented at the Oneonta theatre last night by Anderson and Weber to a capacity house. It was comedy of the clean variety that leaves a good taste in the mouth, and Manager Smith is to be congratulated in his success in obtaining this first rate attraction for Oneonta theatregoers.

NOTED MUSICIAN OF MONTREAL

Advice To Use Of "FRUIT-A-LIVES", The Famous Fruit Medicines.

MR. ROSENBERG
659 Casgrain St., Montreal.

April 20th, 1915.

"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-lives'. I was a sufferer from these complaints for five years, and my sedentary occupation, Music, brought about a kind of Intestinal Paralysis — with nasty Headaches, belching gas, drowsiness after eating, and Pain in the Back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try 'Fruit-a-lives', and now for six months I have been entirely well. I advise any one who suffers from that horrible trouble — Chronic Constipation with the resultant indigestion, to try 'Fruit-a-lives', and you will be agreeably surprised at the great benefit you will receive." A. ROSENBERG.
Box 6, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ogdensburg, New York.

MORRIS FAIR NEXT WEEK.

An Agricultural Fair That Preserves All Its Features.

On Tuesday, Wednesday and Thursday of next week occurs the Morris fair, the last and by no means least of the vicinity fairs. It will attract many from all places in this vicinity because of its well established record of being a real agricultural fair with large exhibits in all departments. While there will be special attractions ample there will be seen all the best products of the Butternut valley farms with a gathering of all the people of the valley for an Old Home week.

The roads from Oneonta are in good condition so that none need hesitate because the state highway is still uncompleted. The route via Davis switch and Butts Corners has been marked with signs carefully guiding the way and the grade is even better than by the turnpike.

The big event of the first day will be a ball game between Sidney and the famous Chadwick team, with \$30 to the winners and \$20 to the losers and special prizes amounting to \$24 for best plays made.

There will be good racing and music for the fair will be furnished by the Laurens Cornet band. There will be a floral parade on the last two days with a grand parade of prize winners on the last day. If the weather be favorable, which is proverbial, then large crowds may be expected.

Dance — Attend the series of Wednesday and Saturday night dances at Liberty hall. Dancing every night fair week. Advt. 11

Boy Wanted — Hours 5 a. m. to 3 p. m. Good chance to learn a trade. Good pay. Apply 26 Broad street. Advt. 11

Next week is Thrift week in Oneonta. Do your bit! Advt. 11

Some Reasons Why You Should Use The Universal Milker

Be sure and see the latest improved and most natural milker made. The Universal Milking Machine. This machine milks the teats in pairs as you would by hand. Will milk cows daily in the tent of Arthur M. Butts at Fair Grounds during the fair.

It is the HIGHEST CLASS but not the highest priced milker made.

Vacuum sealed milking pail — impervious to stable air, odor or dust.

So well built as to make the upkeep and replacing of parts insignificant.

Alternating Pulsator with horizontal piston running in oil; WILL LAST A LIFETIME.

One size "UNIVERSAL TEAT CUP" fits any size teat. Cows take readily to the uniform soothing massage of the rubber liners in teat cups.

ONE MAN can do the work of Three Men, much cheaper, cleaner and better. Solves the hired help question.

So simple! Can be applied and operated by a CHILD; no strapping of teat cups being necessary. No man with ten cows or more can afford to be without A UNIVERSAL MILKER. Investigate and be convinced.
